BOARD MEETING DATE: November 14, 2024

ITEM TITLE: Neighborhood Community Input on Converting Tradewinds Park from a Passive Park into a Dog Park.

RECOMMENDATION:

It is recommended that the Board of Directors discuss conversion of Tradewinds Park from a passive park into a dog park with impact discussion from Neighborhood Community.

FISCAL IMPLICATIONS:

Converting the park will require initial costs to accommodate a dog park (e.g. fencing, water station, gated entrance, seating, shade) and may impact neighborhood community routine as result of higher use.

BACKGROUND:

Tradewinds Park was constructed as a passive park and was part of the County's park inventory until the County transferred park ownership to the District as part of a settlement agreement. The park sits next to open space and primarily serves those living within a quarter mile radius. Serving as a passive park there are limited amenities which include a small circular trail, picnic benches, and a small grass area. Board request neighbors of the Tradewinds Park to be notified to provide input, and to discuss all significant impacts they may be concerned about before continuing.

Respectfully submitted,

Lori Chalifoux, General Manager
